CAREER OBJECTIVE

Entry-level Software Developer with hands-on experience in Java, Spring Boot, REST APIs, SQL, and backend system design. Proven ability to build scalable applications through clean architecture and optimized data access. Actively seeking Software Developer / Backend Engineer roles to contribute to real-world production systems.

TECHNICAL SKILLS

Languages: Java, Python (Pandas, NumPy), JavaScript, HTML, CSS
Databases: MySQL, PostgreSQL
Concepts: OOP, DSA, DBMS
Tools: GitHub, VS Code, IntelliJ

PROJECTS

CivicCare – Emergency & Blood Support Platform

- Designed and developed a **backend-driven emergency support system** using **Java and Spring Boot**, exposing REST APIs for blood donors, blood requests, and emergency services.
- Implemented a **layered architecture** (Controller–Service–Repository) with **Spring Data JPA** and relational databases (MySQL) to ensure scalability and maintainability.
- Developed **blood donor discovery and blood request modules**, supporting filtering, persistence, and real-time API-driven data retrieval.
- Implemented **input validation, exception handling, and structured API responses** to ensure robustness and reliability.

ServiceLink — Local Service Booking Platform — Flask, MySQL, React

- Developed a **full-stack service booking platform** enabling users to discover and book local services such as electricians, plumbers, and salons.
- Implemented **RESTful backend APIs** using Flask and MySQL for user authentication, service management, appointment scheduling, and booking status tracking.
- Designed relational database schemas and implemented CRUD operations to support booking workflows and admin management.

INTERNSHIP EXPERIENCE

Java Development Intern — CODSOFT

Dec 2024 – Jan 2025

- Built Java applications using **OOP, exception handling, and JDBC with MySQL**, improving code reliability and data handling.

Frontend Web Development Intern — ApexPlanet

Nov 2024 – Dec 2024

- Developed **responsive web interfaces** using HTML, CSS, and JavaScript, focusing on usability and layout optimization.

ACHIEVEMENTS AND CERTIFICATIONS

- Earned **Java (Basic)** and **SQL (Basic)** certifications from **HackerRank**.
- Achieved **5 star in SQL** on HackerRank.
- Solved **200+ Data Structures and Algorithms problems** across **LeetCode, GeeksforGeeks, and HackerRank**.

EDUCATION

Bachelor of Computer Applications (BCA) SDHR Degree & PG College, Tirupati (SV University)	2023 – 2026
Intermediate Kendriya Vidyalaya No.1, Tirupati	2021 – 2023
10th Class Kendriya Vidyalaya No.1, Tirupati	2020 – 2021
